<b>January 1, 2000-December 31, 2020</b>			
Data accurate as of January 8, 2020			
Request: FOIA P627392 Trina Reynolds-Tyler- request that the Chicago Police department provide me a list of all missing person cases (closed and currently open) including the demographic information of the missing person (name, age, race, gender), the address from which they are reported missing, the date when the case was opened/closed, the unique case number/ID, and their first & last name. All of this information is made available to the public when missing persons announcements occur via email from CPD and the news. If possible, I would prefer this information in an excel spreadsheet.
